

Correspondence Studies

- You can start your courses at any time during the year. To get started stop into one of our sites to register.
- Correspondence courses allow you to work at home, at your own pace. Of course, you can also work at our sites if you choose.
- Our teachers are available to support you if you are having challenges with the course material. Call or visit your local CEL to be connected with your teacher.
- You need to be prepared to set aside regular time for completion of course work. It is suggested that you aim for 1-2 lessons per week.
- There is no cost. We do not charge any registration or material fees.
- If you need a course for admission to college or university, it is suggested that you start before the end of March to allow for time to complete by the end of June.
- A complete list of courses available at our sites or on our website at the following link:
